New this year, the Skin of Color Society has partnered with Pfizer to create a program of traveling educational events across the United States. These events will offer great networking and learning opportunities for SOCS members and non-members alike.

We are thrilled to be hosting the first event in the series in Chicago. Please be sure to join us from 3:00pm–5:00pm following the Chicago Dermatologic Society Meeting for networking and a few short presentations.

Whether you are a current, future, or past member, I invite you to join us and experience what it means to be part of the SOCS community.

Registration is FREE, but limited to 75 attendees, so register today!
